

ISO 22000:2018 FSMS FOOD SAFETY OBJECTIVES

- To produce safe and quality foods that conform to all applicable requirements that meet the expectations of our customers and regulators
- To promote and ensure food safety in all of our operations in order to earn the trust of our customers and consumers continuously
- To ensure that 100% high quality and safe raw materials are used for our production processes at all time
- To achieve and ensure an environment that is 100% hygienic, safe and friendly
- To review the effectiveness of the Food Safety Management system annually

A handwritten signature in black ink, appearing to read 'C. Onuoha', is centered on the page.
